Through the help of volunteers - and you...

we are dedicated to the rescue and release of wildlife in Solano County, and the preservation of the Suisun Marsh and all wetlands and wildlands through environmental education.

Help Save Wildlife!

The Suisun Marsh Natural History Association is a non-profit 501(c)3 membership organization. Incorporated in 1977, the Association's Suisun Wildlife Center has for 40 years cared for and released back to the wild injured and orphaned wildlife in Solano County, many affected by human activity.

A committed staff of volunteers, trained and ready to care for rescued wildlife, gives birds and animals the best care possible. Since opening, over 200 species of birds, mammals, and reptiles have been treated; and we have released almost 17,000 back to the wild!

Environmental Education

The Environmental Education program offers wildlife and natural history shows and field trips to private and public schools and groups.

They focus on native California wildlife, the Suisun Marsh, and many other natural history subjects. Education has been a major part of the Association's efforts, and over 300,000 children and adults have participated in the program.

Teach and entertain your group or class with fascinating environmental subjects! For how to take part, see our web site for full details.

Come and Visit!

Visit the Suisun Wildlife Center and see educational outdoor display enclosures housing non-releasable native California wildlife. Meet the Golden Eagle, Coyote, Great Horned Owl, Barn Owl, Red-Tailed Hawk, and learn their stories.

Become a Member!

Our main purpose is wildlife rescue and release back to the wild, giving them a second chance in the wild. Your donations make this possible!

Members of the Suisun Marsh Natural History Association receive our quarterly newsletter, The Otter Chatter, complete with natural history articles, information on events, and reports on our activities.

Membership events are regularly scheduled, and most are free to members - join today!

Thank you for your Support !

<u>Membership Application /Renewal</u>	
Your contribution enables the Suisun Wildlife Center to rescue and release back to the wild injured and orphaned native wildlife, and create environmental education programs for both children and adults.
